Item: a. REPORT 22-0212 HERMOSA BEACH CANNABIS ADVISORY GROUP REPORT AND RECOMMENDATIONS (City Manager Suja Lowenthal)

eComment: I am so sorry that I can not be at this meeting...I'd really like to see Who on our City Council thinks this is an improvement. Just the thought that you THINK this was viable to bring to the people of Hermosa, is baffling. There are Cannabis stores in all of the surrounding areas, isn't that enough? The history of Hermosa Beach had been known for 50+ years to be the drug dealing Little community, sad isn't it? We've come a long way since then. It was known as the ugly step child of the south bay! AND you want to digress. Our fore fathers hard work, time and efforts to turn Hermosa Beach around and you are willing to destroy it? You don't enforce the liquor that is inhaled on our Pier, J-walking, dogs on the beach, the electric bikes speeding on the Strand and the alley, Hermosa Ave. By the way, isn't there a law that you Can Not drive a motorized ANYTHING without a license? Yet you let this slide you aren't enforcing some of the simplest of Laws. And YOU think you are capable of enforcing a Cannabis (still a drug) retailers (Cartel?), Think of the children, look at the mayhem that has littered our little community...if you allow this to happen, you will be opening the front door to the most horrific disaster to the community. ALL for profits/money? Rule not by profit alone but with your conscience. Spend your efforts on getting control of our little town and enforce the laws that we have. Please...Don't bring this into Hermosa,

eComment: Dear City Council Members, Please oppose any initiative that would allow cannabis dispensaries in Hermosa Beach. Marijuana is legally available online and easy for adults to access. There are so many other kinds of businesses that our city should try to attract that are family friendly. Please preserve our healthy and family friendly town. Increasing visibility and access to marijuana will cause more harm than good in our children and teens.

eComment: I do believe the kids need to be educated. I do believe a tax should be allowed and a majority going to the schools for education and school needs. Delivery is already allowed in the city of Hermosa Beach so I'm not clear why they need to lift that ban. I personally think a storefront fits with the ideals of Hermosa Beach. I believe the limit of one to two stores maximum should be allowed. I think there are storefronts available. Thinking about PCH on the south end of the city, South end of Hermosa Ave, Possibly on Aviation if there is enough distance from the schools. I do believe the storefront should not be able to advertise outside nor should it be close to schools or walking access to the schools. I do agree the voters should be able to choose.

Thank you

If there is very strong community support for it, I am potentially open to having legal, regulated and taxed delivery services available to the residents, but only if the regulations include a complete ban on any advertising that might be visible to anyone under the age of 21 and a complete ban on waxes, dabs, oils and any other concentrates or processed products.

eComment: The advisory committee was clear on one point. By a substantial majority the committee voted that the city should put forth a competing initiative AND not a watered down initiative that just allows delivery's to be taxed. Put the power in the hands of the people AND let us VOTE. I suggest a couple of city sponsored initiatives, one for a full shop in HB that allows the purchase of medicinal and consumer grade marijuana one that allows the city to tax deliveries and one that restricts everything. Let the one that sets the most votes win.

eComment: Hermosa invests a lot in health and longevity. We are a Blue Zone.

<https://abc7.com/archive/7835437/> The Blue Zones say, "Research from the Framingham Studies shows that smoking, obesity, happiness, and even loneliness are contagious. So the social networks of long-lived people have favorably shaped their health behaviors."

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6125071/> How can we, as a health-minded Blue Zone Community, say we are for this substance linked to increase in childhood cancer?

<https://bmccancer.biomedcentral.com/articles/10.1186/s12885-021-08598-7> Many don't know it's linked to testicular cancer: <https://pubmed.ncbi.nlm.nih.gov/19204904/>

<https://pubmed.ncbi.nlm.nih.gov/22965656/> <https://pubmed.ncbi.nlm.nih.gov/20925043/> Plus, it's

also harmful to sperm. <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7385722/> We should be strongly against anyone using it in public. We have a right to not be exposed to toxins and to breathe clean air.

<https://www.theguardian.com/society/2022/apr/01/secondhand-bong-smoke-worse-tobacco-study> In 2016, Hermosa cracked down on outdoor smoking and we should do it again. Fines were between \$100-\$500.

<https://www.dailybreeze.com/2016/07/27/want-to-smoke-in-hermosa-beach-starting-next-month-good-luck/> If our community wants to make money from this drug, I suggest we put fines on those exposing others to their use. That would be consistent with our long-term investment in the Blue Zones.

eComment: We should do whatever it takes to prevent a store selling grass in our town. Every possible location would negatively affect someone's home and family. The store would bring drug users to the streets where kids live and play. If it was placed on PCH, customers, some of which will be addicts, will be using residential streets to and from to get onto PCH. Same goes for aviation. The challenge to teach our kids to stay away from drugs is much harder if they see a storefront in our town. Adults who require these drugs for medical purposes or just to get high can already get it delivered within minutes.

eComment: Too small of a community, there is not a location that is not nearby a school or youth center.

New eComment for City Council Hybrid Meeting (Closed Session - 5:00 PM and Open Session - 6:00 PM)

Melanie Rosenthal submitted a new eComment.

Meeting: City Council Hybrid Meeting (Closed Session - 5:00 PM and Open Session - 6:00 PM)

Item: a. REPORT 22-0212 HERMOSA BEACH CANNABIS ADVISORY GROUP REPORT AND RECOMMENDATIONS (City Manager Suja Lowenthal)

eComment: As a mother of two young children, I vehemently oppose lifting the ban on storefronts selling marijuana in Hermosa. Allowing these shops to operate in our tiny family-heavy town will normalize drug use to our young impressionable children. Lifting the ban will also likely have additional negative effects such as increased criminal activity and lowering property values. Anyone who needs or wants marijuana for medicinal or recreational purposes has many convenient delivery options. Hermosa Beach definitely should NOT be a destination for buying drugs. City Council please don't ruin our wonderful town - no pot shops in Hermosa!!!
