

# Summer Season Planning

2021

# Goal

HBYB was not able to hold a Winter or Spring season for 2021, so we are looking to create a Summer season.

There is high demand and interest from the community and parents want their kids to get back to playing basketball again as soon as it is safe and allowable.

HBYB wants to be in the position to help our parents by being there for their kids this summer.

# Type of Season

With Covid-19 numbers dropping and vaccinations increasing daily, we believe we will be able to run a season with games this summer. That's our goal. Whether those games are outside, inside, or both we are planning to play with Covid-19 precautions such as masks, hand sanitizing stations, etc. as appropriate.

We are 100% aware that the Covid-19 situation could change for the worse between now and then, but we remain positive that the future holds good news.

# Season Schedule

**Open Registration:** May 10th

**Close Registration:** June 21st

**Season Start:** July 6th

**Season End Date:** August 15th

# Courts Requested

There are two possibilities in terms of what courts we would be requesting depending on whether we can play indoors, or are relegated to outdoors only.

## Indoor Allowed:

Community Center Court

Clark Courts (at least 1)

(Valley School courts, indoor and outdoor will also be requested from school board)

## Outdoor Only:

Clark Courts (both)

Edith Rodaway Courts (both)

(We would request outdoor courts at Valley School as well)

# Game Play Time Slots

## Days of the Week:

7 days a week

## Times:

Weekdays - 4pm start, 9pm finish

Weekends - 9am start, 8pm finish

We would not need the courts for all of those times, and would schedule accordingly based on registration and the number of teams we have.

# Community Interest

In a survey we ran in the Fall of 2020 we had over 400 kids who were interested in a Summer season if we were not able to do a Winter/Spring season. Since then our pre-registration that we ran last fall and continue to leave open continues to grow and is beyond 600 participants. While we don't expect all of those pre-registered to participate in Summer, it shows an incredible desire and interest to get back out on the courts.

In order to help us meet the demand and interest of the parents we hope that the City of Hermosa Beach will work with HBYB to create a fantastic summer season that kids will get kids back on the courts playing the sport they love.

**THANK YOU!**
