DATE: October 27, 2020

TO: Honorable Mayor and Members of the City Council

FROM: Doug Krauss, Environmental Programs Manager

**SUBJECT: 10/27/20 AGENDA, ITEM 14E - SUPPLEMENTAL INFORMATION FOR
AWARD OF CONSTRUCTION CONTRACT FOR THE DOWNTOWN
HERMOSA BEACH LANE RECONFIGURATION PROJECT #20011**

The bid opening for this project was held Monday, October 26th at 3pm in the City Council Chambers. Staff received three bids (attached).

Staff recommends awarding the contract to PCI of Azusa, CA. Their bid of \$66,165 was the lowest bid. Additionally, staff has worked successfully with PCI on a number of projects in the City, including striping and signage work as part of the recently completed CIP 174 Hermosa Ave Pavement Resurfacing.

The engineer's estimate for this project, as described in the project specifications, was \$70,000. Based on the lowest bid, with the 15% contingency included, the construction contract would be \$76,089.75. As noted in the staff report, City Council originally allocated for \$85,000 for the project which includes the consultant's services for developing the plans and specifications, and for conducting traffic counts before and after the project. The final cost for developing the plans and specifications is \$19,740, and the traffic counts are estimated to cost \$8,000. The balance of \$57,260 is thus insufficient to fund this project.

Staff is requesting an additional allocation of \$18,829.75 to fully fund the contract cost and contingency. This is in addition to the \$19,000 for construction management and inspection mention in the staff report. **Thus, the total new requested allocation will be \$37,829.75 and would be submitted to CalOES for reimbursement along with the previous allocations for this project.**

CITY OF HERMOSA BEACH BID SUMMARY LOG
