**Subject:** Childcare at 210 PCH-CUP

Honorable planning commission members,

We are one of the residences of Hermosa Beach. We are writing in support of the proposed CUP for childcare at 210 PCH. The city very much needs this service and it will help the local community.

I hope you look favorably at this project and allow it to proceed. The current vacant auto sales building would benefit greatly from the proposed upgrades and with recent closures of daycares after COVID, we believe this should be approved

Kind regards,  
Max Siskin
