RE:

Projected Contract for
Hermosa Beach
Fire Services by the
Los Angeles County
Fire Department

August 2016
Council Members
City Administration

My family and I have been residents of the City of Hermosa Beach for the last 40 years.

During the first 25 of those years I was an active Firefighter and Fire Captain for the City of Gardena.

During the first of those years it became apparent the entire South Bay would become a recognizable 'City Area". Many of us worked to eliminate duplication, increase services and lower taxes. Citizens recognized the opportunities and the tax savings that could be available without duplications. Insurance Companies recognized that 'City Borders' were names only. Many City Services are still duplicated without available savings and continued expenses and taxes. After all it is only a 'Citizen' expense!

Contracting with Los County Fire Department will bring VASTLY improved services at a much lower cost! As a concerned citizen I STRONGLY urge you to take advantage of this offer from the Los Angeles County Fire Department to save money, to better serve me, my family and the citizens of our City.

Please direct any questions, concerns and or comments to me at

NORM QUIENT
