Dear City Council and Staff-

I am writing to express my concern regarding the absence of support and assistance in the search for fellow Hermosa resident and retired Deputy Sheriff Albert Calibet, who has gone missing in Greece. There has been an alarming lack of response and action from the agencies and leaders we rely on in times of crisis.

Albert Calibet dedicated his life to serving and protecting our community. Now, in his time of need, he and his family deserve our unwavering support and all available resources to ensure his safe return. The distress and uncertainty his family is experiencing are unimaginable, and it is our collective duty to alleviate their burden through decisive and immediate action.

Please let us know what resources and diplomatic efforts that can be activated to aid in the search. It is crucial that we demonstrate our commitment to those who have served us with dedication and honor. Your immediate attention is essential in bringing Albert back to his loved ones and reaffirming our values of solidarity and support.

We look to our leaders for guidance and assistance in times of need. It is imperative that you act now to show that no American citizen is left without support, regardless of where they are in the world.

Thank you.

(Excerpt from a fellow concerned citizen)

Dear City Council,
Dear City Attorney,

Will remote participation be allowed on item 9 "General" participation in tonight's June 25th CCM or will the city continue to apply the narrowest possible remote participation rules denying disabled persons equal participation as compared to those that can attend in person?

AB 2449 says:

In addition, the agency must ensure the public can remotely hear, visually observe, and address the meeting by means of either a two-way audiovisual platform (e.g., Zoom), or a two-way telephonic service and a live webcasting of the meeting (e.g., webcast + call-in option). The meeting agenda must explain the available options for attending and how to address the decisionmaking body in real time under each option. As a practical matter, this means that in order to accommodate last-minute notices of remote appearance, the agency must publicize and make available remote attendance options for the public at every meeting. The agency must also implement a procedure for addressing requests for reasonable accommodations for individuals with disabilities and must give notice of those procedures
