An EIR Addendum was prepared in September 2023, pursuant to CEQA Guidelines Section 15162. The evaluation found that the proposed ZTA would not trigger any of the conditions set forth in State CEQA Guidelines Section 15162, as the changes would not result in any new significant environmental impacts nor substantially increase the severity of any significant impacts described in the PLAN Hermosa EIR, certified on August 22, 2017. ZTA 24-02 was evaluated in accordance with the Addendum and found to be consistent with prior findings.
