## New eComment for Planning Commission Special Meeting 6/7/22

Anthony Higgins submitted a new eComment.

Meeting: Planning Commission Special Meeting 6/7/22

Item: VI. REPORT 22-0363 COMPREHENSIVE ZONING CODE UPDATE: DISTRICT AND DESIGN STANDARDS

eComment: I oppose any provision of the city zoning plan that would loosen traffic noise restrictions for R2 zoned neighborhoods. I oppose any city zoning plan provision that would loosen any R2 traffic noise levels limits by changing the classification of R2 properties to a RM designation and then loosen RM traffic noise limits to less than what exists in the 2016 Plan Hermosa General plan.
