New eComment for City Council Hybrid Special Meeting (Closed Session - 4:00 P.M. and Open Session - 6:00 P.M.)

Jon David submitted a new eComment.

Meeting: City Council Hybrid Special Meeting (Closed Session - 4:00 P.M. and Open Session - 6:00 P.M.)

Item: a. REPORT 21-0771 EXTENSION OF TEMPORARY OUTDOOR PERMIT PROGRAMS AND DOWNTOWN LANE RECONFIGURATION AND PLAN FOR DEVELOPING PERMANENT PROGRAMS (Environmental Programs Manager Doug Krauss)

eComment: The outdoor permit programs and land reconfiguration was done to help keep our downtown alive during the pandemic. I remember when the topic was initially discussed it being suggested that since it needs to be done anyhow, it would be a good time to study its effects on the community. I believe that process is still happening. Well, we are still in the pandemic, and with the new variant it is unclear whether indoor dining will continue during the winter, thus the extension should stay in place and we should continue to study the effects to see if it makes sense to make the outdoor dining and lane reconfiguration permanent since it appears there is overwhelming support by both the resident and business community.
