Why do you wish to become a Commission member?

When I was a HB City Council member, we thought there was a need for a commission of HB citizens who would listen to the residents/experts and offer suggestions and solutions to problems which involved public infrastructure as well as review CIPs. Because of my history with Hermosa Beach and understanding its needs, I think I can continue to be an effective PWC member and complete projects that were delayed due to the pandemic.

What do you feel are the duties and responsibilities of a Commission member?

The PWC shall review and make recommendations to the HB City Council on all Capital Improvement Projects, assist in the development and updating of design guidelines for city public improvements and other matters referred to the commission by the City Council. HB City Code 2.80.030

Do you have any current obligations or responsibilities, which could be construed as a conflict of interest with your being a board/commission member? NO

Additional comments:

During my time on the PWC, HB PW completed the 8th Street project and assessed the street, sidewalk, storm drains, utility and sewer systems for any problems and created a schedule for improvements. HB PW began work on Prospect Avenue, pedestrian crosswalks, various ADA projects, city park restrooms, Clark Building, 35th Street Strand bikeway/walkway improvements, Strand bollards and other CIPs. Several projects have been slow to complete because of the pandemic. I would like to see these projects to completion and continue to pursue other important public improvements.
