Interestingly, GASLIGHTING is word of the year, says Merriam-Webster dictionary.

Gaslighting: mind manipulating, grossly misleading, downright deceitful

Lookups for the word on Merriam-webster.com increased 1,740% in 2022 over the year before.

If I were to try and convince you that malfeasance, misfeasance and nonfeasance were the words of the year, that would be gaslighting... still it wouldn't hurt to know the legal definitions of these words too.
