

# **AN ORDINANCE OF THE CITY COUNCIL INCREASING PARKING METER RATES**

March 14, 2023

# BACKGROUND

- Public Hearing held at the last meeting, February 28, 2023, to discuss and consider changes to the hourly parking meter and parking lot rates and the residential parking permit program.
- Council introduced on first reading a rate increase to \$2.00/\$2.50 per hour while maintaining the demand pricing structure per the staff recommendation.
- Council also approved changes to parking program elements related to the Residential Parking Permit Program.

# ITEM OVERVIEW

This municipal matter item is to consider changes to parking program elements including:

- Determine whether demand pricing should be implemented for all parking meters and the appropriate hours of operation for parking meters in the City;
- Upon determination of the first recommended action, introduce and waive first reading of an ordinance increasing parking meter rates included as Attachment 2 or 3; and
- Provide staff clarification and direction on the vehicle registration and proof of residency requirement for the Residential Parking Permit program.

# ORDINANCE INTRODUCED 02-28-23

## SETTING METER RATES

“Parking meter rates shall be set at \$2.00 per hour. Between the hours of 8:00 p.m. and 2:00 a.m. daily, parking meter rates at the following locations (Lot A, Lot B, Lot C, Upper Pier Avenue, Hermosa Avenue) shall be set at \$2.50 per hour.”

The demand based pricing locations above do not reflect all locations.

# ATTACHMENT 2

New ordinance with revised language for locations:

“Parking meters rates shall be set at \$2.00 per hour. Between the hours of 8:00 p.m. and 2:00 a.m. daily, parking meter rates at all of the silver parking meters throughout the City and the multi-space meters in Lot A, Lot B, and the Structure (Lot C) shall be set at \$2.50 per hour.”

Staff recommends introduction of the ordinance included as **Attachment 2** which includes the correct description of locations for demand pricing.

# ATTACHMENT 3

Implements demand rates at all meters and changes hours from 10:00 a.m. - 2:00 a.m. to 8:00 a.m. – 2:00 a.m.

Note: Yellow meters are currently 10:00 a.m. to midnight

# CLARIFICATION, RESIDENTIAL PARKING PERMIT – VEHICLE REGISTRATION

- New requirement for California registration at current address
- Change of address is required by DMV within 10 days
- The issue with requiring registration at the current address is timing
- Staff recommends other forms of address verification rather than vehicle registration be accepted, i.e. utility bill or bank statement less than 30 days old
