Subject: Ordinance No. 15-1356 Plastic Bag Ban

Dear Council Members and Staff,

I am writing to encourage the City Council to adopt Ordinance No. 15-1356, the Plastic Bag Ban. Not only do the plastic bags resemble jellyfish underwater, causing sea turtles and other marine life to ingest them, but they have also been a negative contribution to cattle and to birds who forage through landfills, mistaking the bags as food. I ask that we join Malibu, Santa Monica, Manhattan Beach and 85 other municipalities in California in passing ordinances banning single use plastic bags.

Thank you for your time.
