Item: 6b) REPORT 18-0345 REVIEW THE PRELIMINARY DESIGN REPORT FOR PARKING LOT D (Environmental Analyst Kristy Morris)

eComment: I am very supportive of the Parking Lot D enhancement plan and staff's recommendations. As you move forward with the project, can you please stipulate that the pay kiosk support a pay-by-phone app in the future, and not just be able to extend the time via text? We really need this throughout Hermosa. More and more cities are doing this. Many get funding from external sources. Examples: <https://www.paybyphone.com/>, Here's what Seattle is doing: <http://knkx.org/post/5-things-you-should-know-about-seattles-pay-phone-parking> There is a 35 cent transaction fee, but I think many people will pay for the convenience. I definitely would. Ideally, this would be associated with a space availability, but that is certainly a much larger project. The biggest issue with parking in Hermosa is that it's scattered everywhere and circling is frustrating and businesses lose customer's that way.
