Subject: Horsepower Crossfit

Hello

I am South Bay resident and I train at Horsepower Crossfit 4 days a week. In light of the situation being discussed at the next Tuesday's meeting, I'd like to speak to all the efforts the team at Horsepower has put into trying their best to minimize the noise at the gym. They have a strict no weight dropping policy and constantly police the members providing mats and pads to place the barbells, and constantly reminding us not to drop them. Signs are also posted everywhere.

While training there I have not seen anyone drop weights, however obviously I am not there all day.

I hope we can all come to a good solution as I love training there and would like to have to look for a new place to go.

Thank you,

Aline
