

New eComment for City Council Meeting (Closed Session - 6:00 PM and Regular Meeting - 7:00 PM)

Brian Hilgers submitted a new eComment.

Meeting: City Council Meeting (Closed Session - 6:00 PM and Regular Meeting - 7:00 PM)

Item: 6a) REPORT 18-0423 AWARD CONTRACT TO MCGOWAN CONSULTANTS FOR ADMINISTRATION OF THE CITY MUNICIPAL STORM WATER MANAGEMENT PROGRAM (Environmental Analyst Kristy Morris)

eComment: This process has to stop or find another location. The small part of small Hermosa Beach will be the holding tank for Waste from miles around. I may not be in town tonight early enough, but how many meetings with how many upset citizens will it take to stop this discturiton of the Green Belt making it the Brownbelt for a current large strom drain of sludge from So. Bay Galleria, Hawthorne, Artesia Blvd, Redondo, Torrance an more all the surface trash-waste into our little section. This is not just excess rain water-storm water from HB, it is from miles of Ashpalt. Please council do not force this by pointing out fines, or for the good of all the other cities. There is always an alternative solution, the difference is do you want to pursue and find the correct way? This should be a historical green belt never to be developed, or changed. Brian Hilgers
