REPORT 18-0299

---

**Honorable Mayor and Members of the Hermosa Beach City Council  
Regular Meeting of May 8, 2018**

**APPOINTMENT OF CITY COUNCIL SUBCOMMITTEE  
TO WORK WITH LEADERSHIP HERMOSA BEACH IN  
DEVELOPING EXPECTATIONS AND GUIDELINES  
FOR FUTURE CLASS PROJECTS**

(Assistant to the City Manager Nico De Anda-Scaia)

#### **Recommended Action:**

It is recommended that City Council appoint a two-member ad hoc subcommittee to work with Leadership Hermosa Beach in helping develop expectations and guidelines for future Leadership class projects.

#### **Background:**

At City Council's regular meeting on April 24, 2018, Councilmembers Mary Campbell and Justin Massey requested that staff return with a formal agenda item for the appointment of a Council Subcommittee - with the intent of working with Leadership Hermosa Beach (LHB) to develop expectations and clarify guidelines for future class projects involving collaboration with the City and/or use of City property/resources.

This comes at the tail-end of an extensive set of meetings which were held leading up to the final approval of Leadership Hermosa Beach's 2018 Class Project, and is especially relevant as the organization plans for the kick-off of its 2019 class later this year.

#### **Analysis:**

The subcommittee would work with representatives from Leadership Hermosa Beach and City staff to identify areas for improved collaboration, establish clear expectations on how class projects can support and align with community needs, and systematize the process for engaging City officials and obtaining necessary approvals for future class projects (including contract standards for maintenance and indemnity).

#### **Financial Implications:**

There are no fiscal implications associated with the recommended action.
