Dear Madame Chair and Commissioners:

I apologize for the tardiness of this comment.

On behalf of THRIVE and the STEP working group, thank you for your continued efforts in moving the Short Term Entertainment permit forward. We appreciate the thoughtful work the Commission and City Staff has put into this project and are hoping it can become effective in time to assist businesses through the Fall and Winter of 2018.

My only suggestion is to reconsider the cost of the permit. I believe that \$300 for each permit is appropriate rather than the suggested \$500.00.

Thank you
Sheryl Main
