New eComment for City Council Meeting (Closed Session - 6:00 P.M. and Regular Meeting - 7:00 P.M.)

Meeting: City Council Meeting (Closed Session - 6:00 P.M. and Regular Meeting - 7:00 P.M.)

Item: 6a. REPORT 18-0616 CONSIDERATION OF ALTERNATIVE LOCATIONS FOR THE GREENBELT INFILTRATION PROJECT (Environmental Analyst Kristy Morris)

eComment: On behalf of the residents of Beachside Condominiums HOA at the corner of Valley & Herondo streets, we soundly condemn the pending location of the Green Belt Infiltration Project, literally feet away from our premises. The intent of the project itself is sound; but, the location will doom our clean and peaceful corner of South Hermosa to years of road closures, traffic congestion, daily noise and vibrations from construction, particulate matter in the air, not to mention property devaluation for up to a decade. This project is not appropriate for a location that is designated to be located smack in the middle of \$200 million worth of residential property. We urge the City Council to do its job in supporting the tax payers, land owners, and voters of Hermosa Beach---NOT in support of other municipalities and business interests---by rejecting this project pending for placement in our excellent city. Thank you.
