New eComment for City Council Meeting (Closed Session - 6:00 P.M. and Regular Meeting - 7:00 P.M.)

Gina DeRosa submitted a new eComment.

Meeting: City Council Meeting (Closed Session - 6:00 P.M. and Regular Meeting - 7:00 P.M.)

Item: 6a) REPORT 18-0616 CONSIDERATION OF ALTERNATIVE LOCATIONS FOR THE GREENBELT INFILTRATION PROJECT (Environmental Analyst Kristy Morris)

eComment: I am writing to express my opposition to the Greenbelt Water Infiltration Project in its current form. The project is too large for Hermosa Beach to bear alone. There needs to be an equitable distribution of responsibility among Hermosa Beach, Redondo Beach, Manhattan Beach, and Torrance. Thank you in advance for exploring a more equitable solution.
