Dear Mayor, City Council and City Staff,

I am in favor of keeping our ocean water clean.

I am also in favor of protecting our Green Belt from bacteria and other contaminants found in storm drain water.

Both the ocean and Greenbelt are precious resources and part of our, "Blue Zone" way of life and culture.

The Greenbelt is a beautiful walking trail, butterfly habitat, place to exercise, path for our children to walk to school and a place meditate with nature.

It is also very close to homes.

Please consider allocating funds to make the Greenbelt accessible to all of our residents, including those who are in wheel chairs.

Please do not repurpose the Hermosa Beach Greenbelt into a massive water infiltration site.

Thank you.

Sincerely,  
Betsy Ryan
