**Subject:** Agenda Item 7.a Role of EPAC

I'd just like to offer a quick voice of support for the recommendation in the Staff Report on the Role of EPAC. I believe an open discussion of our city's direction regarding emergency preparedness would be valuable to all involved.

I had planned to be at the meeting tonight to voice my support in person, but I'm still working the sheltering operation associated with the Woolsey Fire.

Sincerely,

Nadine Skye-Davis
