Meeting: City Council Special Meeting (Closed Session - 5:30 P.M. and Open Session - 7:00 P.M.)

Item: 6c) REPORT 19-0081 DOWNTOWN LIGHTING IMPROVEMENTS UPDATE (Acting Public Works Director Lucho Rodriguez)

eComment: Please approve the staff recommendations. I think the vintage style would fit in well with the existing look, and I do like that it costs less. When I saw the catenary lighting design it reminded me of the man who went missing, Mike VanZandt. I had watched his episode on the TV show, "Disappeared". The show talked about how Mike's phone battery looked empty, and that he and friends were trying to find each other on the plaza. Police footage showed that Mike and friends had just missed each other on the plaza. It makes me wonder... If we had the catenary lighting, perhaps they would have seen each other.
