Assistance under the Water Quality, Supply and Infrastructure Improvement Act of 2014 Storm Water Grant Program Round 1 Implementation funding (PROP 1 STORMWATER IMPLEMENTATION GRANT) for the design and construction of the Hermosa Beach Greenbelt Infiltration Project (HERMOSA GREENBELT PROJECT) which is the highest priority REGIONAL STRUCTURAL PROJECT identified within the SMB 6-01 analysis region of the Beach Cities EWMP Area; and

WHEREAS, the HERMOSA GREENBELT PROJECT is to be constructed on parkway land owned by the CITY OF HERMOSA BEACH and will receive runoff from tributary land areas from the incorporated areas of the CITY OF REDONDO BEACH, CITY OF TORRANCE, CITY OF MANHATTAN BEACH as well as the CITY OF HERMOSA BEACH as listed in Table A-1; and

WHEREAS, the design objectives of the HERMOSA GREENBELT PROJECT are to: improve coastal water quality by providing pollutant load reduction through 100% retention of diverted stormwater and associated pollutant loads including the 303(d)-listed TMDL pollutants indicator bacteria, sediment-borne DDT and PCBs and trash (debris); restore native coastal dune habitat; and reduce the peak runoff rate and total volume of stormwater discharged to Santa Monica Bay; and

WHEREAS, the construction of the HERMOSA GREENBELT PROJECT will eliminate the necessity for the LACFCD to operate the Herondo Low Flow Diversion system; and

WHEREAS, the LACFCD will participate in cost sharing of the construction of the HERMOSA GREENBELT PROJECT; and

WHEREAS, the awarded PROP 1 STORMWATER IMPLEMENTATION GRANT amount of \$3,099,400 represents approximately one half of the estimated total project cost of \$6,435,000 for the HERMOSA GREENBELT PROJECT, and as such the balance of the total project cost must be provided as additional or local matching funds; and

WHEREAS, the CITY OF HERMOSA BEACH has prepared a request for proposals and the PARTIES have selected an engineering firm (ENGINEERING CONSULTANT) to design the HERMOSA GREENBELT PROJECT including preliminary and final design, and plans and specifications. The selected proposal is attached hereto as Exhibit E, which is incorporated into this MOU by reference; and

WHEREAS, the PARTIES have determined that hiring an ENGINEERING CONSULTANT to prepare design plans and specifications for the construction of the HERMOSA GREENBELT PROJECT will be beneficial to the PARTIES, and

WHEREAS, the PARTIES anticipate amending this agreement to also cover the cost sharing for the construction of the HERMOSA GREENBELT PROJECT based on the proportionate responsibility shown in Table A-1 of Exhibit A once those costs are known; and

WHEREAS, the PARTIES also anticipate amending this agreement to implement other future JOINT REGIONAL STRUCTURAL PROJECTS within the SMB 6-01 Analysis Region of the Beach Cities EWMP Area based on the proportionate responsibility shown in Table A-1 of Exhibit A; and

WHEREAS, the PARTIES have agreed that the total cost for implementation of the HERMOSA GREENBELT PROJECT design phase shall not exceed the costs set forth in Exhibit B, which includes a five percent (5%) contract administration cost.

NOW, THEREFORE, in consideration of the mutual benefits to be derived by the PARTIES, and of the promises contained in this MOU, the PARTIES agree as follows:

Section 1. Recitals. The recitals set forth above are incorporated into this MOU.

Section 2. Purpose. The purpose of this MOU is to establish an understanding of proportional responsibility among the PARTIES for implementation of JOINT REGIONAL STRUCTURAL PROJECTS within the SMB 6-01 analysis region of the Beach Cities EWMP Area identified in the Beach Cities EWMP due to the interconnected nature of the MS4. The additional purpose of this MOU is to provide matching funds necessary for the group to utilize Prop 1 STORMWATER IMPLEMENTATION GRANT funds awarded for implementation of the HERMOSA GREENBELT PROJECT.

Section 3. Cooperation. The PARTIES shall fully cooperate with one another to attain the purposes of this MOU.

Section 4. Voluntary. This MOU is voluntarily entered into for EWMP implementation.

Section 5. Term. This MOU shall become effective on the date of execution by all of the PARTIES (EFFECTIVE DATE), and shall remain in effect for three (3) years from the EFFECTIVE DATE, with the option to extend the term by amendment.

Section 6. The PARTIES agree:

- a. Funding of HERMOSA GREENBELT Project. Each PARTY will work cooperatively to fund the design and construction of the HERMOSA GREENBELT PROJECT listed in Exhibit A of this MOU, with responsibility for funding apportioned according to the proportional shares established in Exhibit A.
- b. HERMOSA GREENBELT PROJECT Design Phase Costs. The costs for the Design Phase of the HERMOSA GREENBELT PROJECT are shown in Exhibit B.

- c. Future Costs. Future cost sharing for construction of the HERMOSA GREENBELT PROJECT or implementation of other REGIONAL STRUCTURAL PROJECTS within the SMB 6-01 Analysis Region of the Beach Cities EWMP Area are to be based on the proportionate responsibility shown in Table A-1 of Exhibit A. Future costs beyond the Design Phase Costs discussed in Section 6.b above must be approved by amendments to this MOU.
- d. LEAD AGENCY for Joint Regional Structural Project Implementation. The role of LEAD AGENCY for the implementation of a JOINT REGIONAL STRUCTURAL PROJECT shall be assumed by the agency in whose jurisdiction the project is sited, in this case the City of Hermosa Beach. The PARTIES agree that the LEAD AGENCY may amend contracted work so long as total costs in Exhibit B are not exceeded and the LEAD AGENCY notifies the PARTIES of the proposed changes and obtains written approval of all PARTIES.
- e. Updates to the Beach Cities EWMP. Updates to the Beach Cities EWMP may be required pursuant to REGIONAL BOARD or MS4 Permit requirements or to obtain REGIONAL BOARD approval for substitution of alternative projects for one or more JOINT REGIONAL STRUCTURAL PROJECTS. Any such subsequent duly authorized and approved changes to JOINT REGIONAL STRUCTURAL PROJECTS in the Beach Cities EWMP may be incorporated into this MOU by updating exhibits as necessary upon written approval of all the PARTIES so long as there is no increase in costs which would require an amendment of the MOU.
- f. Payment. To fund the cost of implementation of the JOINT REGIONAL STRUCTURAL PROJECTS which shall not exceed the cost distribution amounts shown in Exhibit B of this MOU and to pay the LEAD AGENCY a 5% Administration Fee as described in Table B-1 of Exhibit B. Payment shall be made within sixty (60) days of receipt of the invoice from the LEAD AGENCY.
- g. Documentation. To make a full-faith effort to cooperate with one another by providing to the LEAD AGENCY all requested information and documentation in their possession and available for release that is deemed necessary by the PARTIES to achieve the purposes of this MOU.
- h. Compliance with Terms of Grant Agreement. It is the stated intent of this MOU to initially provide for the joint funding of the Design Phase of THE HERMOSA GREENBELT PROJECT, after which time the construction costs can be determined. The parties anticipate amending this MOU to also cover the construction costs at such time that those costs are known. If the PARTIES fail to amend this agreement to jointly fund the construction phase of the Project, the named recipients of the PROP 1 STORMWATER IMPLEMENTATION GRANT, may be deemed in violation of the grant agreement (see Section 8.b below) and required to repay the grant with interest and penalties. The PARTIES agree that should this agreement not be amended and the named recipients are deemed by the State Water Resources Control Board to be in violation of the agreement, that any interest and

penalties due shall be paid by the PARTY(S) that refuse to amend this agreement to cover the construction costs.

Section 7. The LEAD AGENCY agrees:

- a. Administration. To collect and deposit funds in a separate account dedicated to this MOU and to distribute funds in accordance with this MOU.
- b. Invoice. To invoice the other PARTIES in amounts not exceeding the amounts shown in Exhibit B, except for the in-kind services to be provided by LACFCD which shall not be invoiced. The payments will be invoiced upon the execution of this MOU by all PARTIES.
- c. Termination. To provide an accounting upon termination of this MOU and to return any unused portion of all funds deposited with the LEAD AGENCY in accordance with the cost allocation formula set forth in Table A-1 of Exhibit A. In the event of a shortfall, the LEAD AGENCY will invoice the PARTIES in accordance with the same formula.

- a. Lead Agency. To be the LEAD AGENCY for the implementation of the HERMOSA GREENBELT PROJECT.
- b. Grant Agreement. To execute the PROP 1 STORMWATER IMPLEMENTATION GRANT as expeditiously as possible following the execution of this MOU, and to distribute copies of the executed grant agreement to the PARTIES within ten (10) business days of receiving the executed PROP 1 STORMWATER IMPLEMENTATION GRANT agreement from the SWRCB Division of Financial Assistance.
- c. Contracted Services. To contract with an ENGINEERING CONSULTANT to perform the Scope of Work in Exhibit C for preliminary and final design, and plans and specifications of the HERMOSA GREENBELT PROJECT.
- d. Administration. To administer the ENGINEERING CONSULTANT contract and carry out the terms of the PROP 1 STORMWATER IMPLEMENTATION GRANT agreement.
- e. Preliminary Design. To distribute copies of the preliminary design plans of the HERMOSA GREENBELT PROJECT to the PARTIES for review and comment prior to directing the ENGINEERING CONSULTANT to proceed with the full design of the HERMOSA GREENBELT PROJECT. The City of Hermosa Beach will provide each of the PARTIES a copy of the preliminary design plans within ten (10) business days after receipt from the ENGINEERING CONSULTANT.

- f. Final Design. To submit final design plans to LACFCD for review and approval to enable connection of the HERMOSA GREENBELT PROJECT to the LACFCD storm drain system.
- g. Expenditure. To utilize the funds deposited by the PARTIES with the CITY OF HERMOSA BEACH only for the implementation of the HERMOSA GREENBELT PROJECT. To obtain written approval of all PARTIES if contracted work is to be amended so long as total costs in Exhibit B are not exceeded.

Section 9. Indemnification

- a. To the fullest extent permitted by law, the PARTIES agree to indemnify, defend, and hold harmless each other from any and all liability, claims, suits, actions, arbitration proceedings, administrative proceedings, and regulatory proceedings, losses, expenses, or any injury or damage of any kind whatsoever, whether actual, alleged or threatened, attorney fees, court costs, and any other costs of any nature without restriction incurred in relation to, as a consequence of, or arising out of, the performance of this MOU, and attributable to each PARTY's own fault. Following a determination of the percentage of fault of each PARTY, and/or liability by agreement between the PARTIES, or a court of competent jurisdiction, the PARTY responsible for liability will indemnify the other PARTY to this MOU for the percentage of liability determined.
- b. In light of the provisions of Section 895.2 of the Government Code of the State of California imposing certain tort liability jointly upon public entities solely by reason of such entities being parties to an agreement (as defined in Section 895 of said Code), each of the PARTIES hereto, pursuant to the authorization contained in Section 895.4 and 895.6 of said Code, shall assume the full liability imposed upon it or any of its officers, agents, or employees by law for injury caused by any act of omission occurring in the performance of this MOU to the same extent that such liability would be imposed in the absence of Section 895.2 of said code. To achieve the above stated purpose, each of the PARTIES indemnifies, defends, and holds harmless the other PARTIES for any liability, cost, or expense that may be imposed upon the PARTIES solely by virtue of said Section 895.2. The provisions of Section 2778 of the California Civil Code are made a part hereof as if incorporated herein.

Section 10. Termination and Withdrawal

- a. This MOU may be terminated upon the express written agreement of all PARTIES. If this MOU is terminated, then all PARTIES must agree on the equitable redistribution of remaining funds deposited, if there are any, or payment of invoices due at the time of termination. Completed work shall be owned by the PARTY or PARTIES who fund the completion of such work. Rights to uncompleted work by the ENGINEERING CONSULTANT still under contract will be held by the PARTY or PARTIES who fund the completion of such work.

- b. Should any PARTY withdraw from this MOU, the remaining PARTIES will work in good faith to amend this MOU to revise the cost allocation formula.
- c. Each PARTY shall also be responsible for the payment of its own fines, penalties and costs incurred as a result of the non-performance of the EWMP implementation.
- d. If a PARTY fails to substantially comply with any of the terms or conditions of this MOU, then that PARTY shall forfeit its rights to work completed through this MOU and funding already provided, but no such forfeiture shall occur unless and until the defaulting PARTY has first been given notice of its default and 60 days to cure the alleged default.
- e. THE LEAD AGENCY shall notify in writing all PARTIES, and may notify the REGIONAL BOARD, within fourteen (14) days of any PARTY failing to cure an alleged default in compliance with the terms or conditions of this MOU. The non-delinquent PARTIES will determine the next course of action. Should the default be failure to provide funding, then the defaulting PARTY will be withdrawn from the MOU and costs will be adjusted pursuant to Section 10(b) above.
- f. Should the termination or withdrawal of this agreement render HERMOSA BEACH in violation of the Grant Agreement described in Section 8.b, the PARTY(S) that terminate or withdraw from this agreement shall be responsible for any interest and penalties due under the Grant Agreement.

Section 11. General Provisions

- a. Notices. Any notices, bills, invoices, or reports relating to this MOU, and any request, demand, statement, or other communication required or permitted hereunder shall be in writing and shall be delivered to the representatives of the PARTIES at the addresses set forth in Exhibit D attached hereto and incorporated herein by reference. The PARTIES shall promptly notify each other of any change of contact information, including personnel changes, provided in Exhibit D. Written notice shall include notice delivered via e-mail or fax. - e. Amendment. The terms and provisions of this MOU may not be amended, modified, or waived, except by an instrument in writing signed by all non-delinquent PARTIES. For purposes of this subsection, a PARTY shall be considered delinquent if that PARTY fails to timely pay an invoice as required by Section 6(f) or withdraws pursuant to Section 11(b) or fails to substantially comply with the terms and/or conditions of this MOU pursuant to Section 11(d).
- f. Law to Govern. This MOU is governed by, interpreted under, and construed and enforced in accordance with the laws of the State of California.

- j. Counterparts. This MOU may be executed in any number of counterparts, each of which shall be an original, but all of which taken together shall constitute one and the same instrument, provided, however, that such counterparts shall have been delivered to all PARTIES to this MOU.
- k. All PARTIES have been represented by counsel in the preparation and negotiation of this MOU. Accordingly, this MOU shall be construed according to its fair language. Any

ambiguities shall be resolved in a collaborative manner by the PARTIES and shall be rectified by amending this MOU as described in Section 11(e).

IN WITNESS WHEREOF, the PARTIES hereto have caused this MOU to be executed by their duly authorized representatives and affixed as of the date of signature of the PARTIES:

HERMOSA GREENBELT DESIGN SCOPE OF SERVICES

Scope of Work

The successful proposer will provide design engineering services for the following elements: the diversion structure in the Herondo Storm drain directing flow to the pretreatment system, a pretreatment system to remove trash and debris, an underground holding tank sized to retain the required storm volume as specified in the EWMP and the 10% concept designs and based on the geotechnical analysis, and a flow meter at the diversion pipe to measure the volume of water diverted. The City anticipates the consultant to propose innovative solutions and approaches to save cost and time during the design, procurement and construction of the project. Pre-manufactured infiltration systems may be considered in the design. Criteria for evaluating the suitability of different designs include considerations such as: ease of maintenance, load bearing capacity, storage capacity, dimensions, constructability, cost of construction and long-term maintenance, time to construct, etc.

The infrastructure characteristics of the site have been assessed (soil permeability, slope, natural features, etc.). This site-specific geotechnical information will be utilized by the successful proposer to develop the preliminary and final design. Beach Cities Watershed Management Group representatives as well as Hermosa Beach City engineers and Los Angeles County Flood Control District engineers will provide review and comment on the preliminary design. CEQA documentation will be completed based on the preliminary design. The Consultant will present the Final Design Plan to Hermosa Beach City engineers and Los Angeles County Flood Control District engineers for final review along with any responses received on the preliminary engineering design plans. The Consultant will gather final feedback from engineering reviewers to incorporate into the final design plans and construction drawings. At the end of the design phase City staff will prepare plans and specifications for bid advertisement for construction of the project.
