Subject: Re: Hermosa Beach 04-30-19 City Council Adjourned Regular Meeting Agenda (CIP Study Session)

Hermosa Beach City Council..

While discussing the CIPs and possible projects in general, please consider some areas that have been on the list for a long time and hopefully they can become priorities.

24th Street

8th Street

Harper (Work with the city of Redondo Beach so the west side which belongs to Hermosa Beach is improved/repaved/repaved at the same time that Redondo Beach improves/repairs/repaves the east side.)

Although it is not part of a CIP...

Valley Drive crosswalk at Clark Building. (Improvements need to added so that this crosswalk is made more visible. It is used primarily by Hermosa Beach residents and children.)

Thank you for taking your time to discuss the CIPs in an extra meeting. It is time well spent.

Kathy Dunbabin...
