**Subject:** Opposed to Slater's addition of a 42 inch wall and large Umbrellas to their parking lot, resulting in loss of public ocean views

To Hermosa Mayor and City Council Members,

I would like to respectfully ask that you pull the May 21st Planning Commission decision approving outdoor dining in the Slaters' parking lot which I understand includes the addition of a 42" wall on the Strand and 19 large umbrellas. These modification would block the protected public's view of the ocean. I am against further blocking our precious views and worse, setting a precedent for others to do the same and more in the future.

Sincerely,  
April F. Telles
