City employees available to interact with and control the often rowdy and intoxicated patrons regularly found in the downtown area during late night hours. A more comprehensive solution needed to be developed, so the Subcommittee has embarked on a review of prior strategies employed downtown and is tasked with identifying and expanding what works, developing new ideas and strategies to enhance the environment and leveraging technology where appropriate to assist with enhancing safety and security.

At the April 10, 2018 meeting, City Council modified the Downtown Enhancement Subcommittee's role to include collaborating with local stakeholders in identifying opportunities to increase daytime patronage and economic vitality throughout the downtown.

Summer Beach Concerts [Formed 03/27/18].....(Armato, Campbell)
Target Decommission Date: Summer 2020 (after Summer Series)

The Subcommittee represents the City on the joint City and Hermosa Beach City School District collaborative to negotiate elements of a Memorandum of Understanding (MOU) between the two parties delineating mutually agreed upon outcomes through the North School Reconstruction Project. The Subcommittee is further charged with overseeing the fulfillment of the North School Reconstruction Project Memorandum of Understanding which was executed on February 27, 2019. The anticipated school opening date is December 2020. The anticipated adoption of the NTMP is March 2020 with implementation from March-December 2020.

Storm Water Infiltration Project [Formed 04/09/19].....(Armato, Massey)
Target Decommission Date: _____

Due to the Redondo Beach Development Subcommittee's (Armato and Fangary) long-standing good relationship with counter parts in Redondo Beach, the Subcommittee's role was modified at the meeting of October 9, 2018 to include issues related to the Storm Water Infiltration Project. The City Council directed the Subcommittee and staff to jointly engage our counterparts in Redondo Beach, and perhaps Torrance, to site the project in Redondo and/or Torrance, at its current volume, or as divided into multiple projects totaling a similar volume. Division of projects may include a project in Hermosa, and/or an expansion of the Hermosa Infiltration Project, which is in the Enhanced Watershed Management Plan. City Council also directed the Subcommittee and staff to report back with progress on that engagement.

On April 9, 2019, Councilmember Fangary suggested that Councilmember Massey take over his roll on the Subcommittee due to Councilmember Massey's intensive knowledge and experience with groundwater. The Subcommittee consisting of Armato and Massey was named the Storm Water Infiltration Project Subcommittee and tasked with developing a new MOU.

Community Garden Dedication [Formed 12/17/19].....(_____, _____)

Target Decommission Date: _____

At its meeting of November 18, 2019, the City Council unanimously supported to consider dedicating the Hermosa Beach Community Garden in former Mayor/Councilmember Jeff Duclos' name. The City does not currently have a formal process for naming a place after someone. Therefore, staff recommended that Council form a Sub-committee to work with a Sub-committee of the Parks & Recreation Commission on the dedication process.
