P.C. RESOLUTION 16-16

- A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF HERMOSA BEACH, CALIFORNIA, APPROVING A PARKING PLAN TO ALLOW LIMITED FOOD SERVICE FOR HOTEL GUESTS ONLY ON THE FIRST FLOOR AT AN EXISTING 81-ROOM HOTEL AT 2515 PACIFIC COAST HIGHWAY; AND DETERMINATION THAT THE PROJECT IS CATEGORICALLY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL OUALITY ACT.
- <u>Section 1.</u> An application was filed by Pacifica Food and Beverage, Inc. seeking approval for a Parking Plan to allow limited food service for hotel guests only at an existing 81-room hotel at 2515 Pacific Coast Highway.
- <u>Section 2.</u> The Planning Commission conducted a duly noticed public hearing to consider the application for Parking Plan 16-3 on June 21, 2016, at which time testimony and evidence, both written and oral, was presented to and considered by the Planning Commission.
- <u>Section 3.</u> Based on the testimony and evidence received, the Planning Commission makes the following factual findings:
 - 1. The applicant proposes a new limited food service area on the first floor of an existing 81-room hotel at 2515 Pacific Coast Highway and seeks to exclude the food service area from parking calculations. The two lowest levels of the hotel consist of 71 parking spaces, and the ground level of the hotel consists of a lobby, outdoor garden, and hotel rooms, while the remaining two stories are dedicated to hotel rooms.
 - 2. A Parking Plan is proposed to exclude from parking requirements the proposal to allow limited food service from 5:00 a.m. to 10:00 p.m. daily on the first floor of an existing 81-room hotel. The existing common area on the first floor of the building will be converted to a food preparation and food service area for use by hotel guests only.
 - 3. The project site is currently zoned C-3 and is located on the southwest corner of Artesia Boulevard and Pacific Coast Highway. Hotel operations are a permitted use in the C-3 zone. The property is designated GC General Commercial in the General Plan.
- <u>Section 4.</u> Based on the foregoing factual findings, the Planning Commission makes the following findings for a Parking Plan pursuant to H.B.M.C. Section 17.44.210:
 - 1. Pursuant Section 17.44.210, a parking plan may be approved by the Planning Commission to allow for a reduction in the number of spaces required based on factors such as use of van pools, bicycle and foot traffic, common parking facilities, varied work shifts, valet parking, unique features of the proposed uses, offset peak hours, or other methods of reducing parking demand.

- 2. Pursuant to Municipal Code 17.44.030(H), hotels with retail, conference rooms, restaurants, and other similar activities are required to calculate parking requirements separately from the hotel use.
- 3. The project includes conversion of common area space into a food service area for hotel guests only. Current parking on-site is equal to 71 spaces and is compliant with current parking requirements for an 81-room hotel.
- 4. The food service area will include a sandwich/salad prep station, panini grill, turbo chef oven (fast food oven), traditional microwave, coffee machines, refrigerator and a counter top workspace. No commercial grade kitchen equipment is proposed.
- 5. Food service will be offered to guests of the hotel only and will not be open to the public. A condition of approval requiring service of food and beverages to be provided to direct guests of the hotel as well as prohibiting signage and/or advertisement of any food/beverage products sold in the building. As such the project is not anticipated to increase parking demand at the site.
- <u>Section 5.</u> The project is Categorically Exempt from the California Environmental Quality Act per Guidelines, Section 15301 (Existing Facilities), as it does not involve any hazardous substances, is compliant with the General Plan and zoning regulations, would not have any significant effects relating to traffic, noise air quality or water quality, and all necessary public service, access and facilities are available.
- Section 6. Based on the foregoing, the Planning Commission hereby approves Parking Plan 16-3 subject to the following Conditions of Approval:
