Subject: Re: Speaker

To: City Council of Hermosa Beach,

My name is Nicole Childs. I know many people have been and will be effected by this pandemic of COVID-19. I understand that the country is still battling the unknown with this situation. As a resident of Hermosa I would like to address an issue I am now facing due to the constant changes in restrictions, bills passed and not passed, work restrictions, etc. I do not know how many out there may relate to this predicament this state of crisis is causing.

1. I am a single mother who relies on school as a form as child care for my 9 year old daughter.
2. I am a 'full time' employee at a local Surgery center.

With no school or any services providing child are closed I can't work. I do not have family here in California and all my friends are cautiously following the safe distance/safer at home order.

3. Benefits
I don't qualify since I am still considered as a full time employee.

After all of this is done and over with what happens? What is the plan?
If REPORT 20-0176 is approved and we don't get evicted for non payment. I would most likely owe back pay to rent and utilitie bills. Since the report is only temporary am I to be worried that I may get evicted and utilities shut off if unable to pay in allotted time. (What would be the allotted time)

To sum it up with no school for my daughter I can't work, with no work no income, no benefits available for me, no income no payments to any bills. I do not want to become a mother who is unable to provide for my daughter.

Please help.

Thanks
