Subject: Small business meeting today 4pm

Hi there,

I work at 505 Hair Salon on Pier Ave in Hermosa Beach. I am a stylist there and pay rent weekly. I'm not sure how any of us, let alone the owners of the salon, should be able to pay rent during these rough times we're going through right now due to the Covid-19 virus. When we aren't able to work (by law) we have no income. Everyone is losing money right now, how should anyone be able to pay rent ? I think that the only fair thing to do would be to protect your small businesses in the city of hermosa and their landlords should give them a break on rent during this time . It would be such a huge help and we would more likely be able to save all of our small businesses in the long run. I love where I work, and trust me I would be working right now if I could. Times like these are extremely scary (the unknown), but i believe if the city of Hermosa works to make changes to help small business owners with their rent during this time, I think everyone will succeed In the end. Thank you so much for your time .

-Stefanie
