Subject: City Council Meeting

Hello,

Please pass along my request to open the Strand to pedestrian traffic. Our neighboring town has opened theirs. It seems it would be easy to limit the bike traffic to be in compliance with the County orders. If our city can close down parking, I don't see why it can't erect a NO BIKING sign on the Strand and open it up to pedestrians. Please give back some freedoms to your people. We have complied for so long, and our COVID numbers are low. Instead of focusing on death, let us focus on LIFE.

Sincerely,

Lisa Perlot
