The June 11th Order is entitled "Reopening Safer at Work and in the Community for Control of COVID-19 Order Moving the County of Los Angeles into Stage 3 of California's Pandemic Resilience Roadmap to Recovery," and supplements the previous county health orders to permit the following industries to reopen: music film and television production, day camps, fitness facilities, museums, galleries botanical gardens, zoos aquariums professional sports.
- D. To help guide businesses and outdoor recreation areas as they reopen, the County Health Officer issues individual reopening protocols for each industry that is permitted to reopen under its revised orders. The individual protocols require these spaces to implement industry-specific safety measures to help prevent the further spread of COVID-19.
- E. The County Health Officer most recently issued a revised health order on June 18, 2020 ("Revised Order") to permit bars, wineries, brewery tasting rooms, personal care establishments, cardrooms, satellite wagering facilities and onsite wagering facilities to reopen. As with the previous health orders, these industries are required to abide by the preventative measures adopted in their industry-specific protocols issued in conjunction with the Revised Order.
