Item: 1. REPORT 20-0405 REVIEW OF CITY'S RESTRICTIONS OF DOWNTOWN ASSETS AND OTHER EMERGENCY MEASURES IN ANTICIPATION OF THE FOURTH OF JULY HOLIDAY WEEKEND (City Manager Suja Lowenthal)

eComment: Regarding COVID-19 social policy, there is enough conflicting information from qualified sources, and a wholesale lack of trust in our elected officials and the lack of trust in the mechanisms in the plan to re-open, to justify the considerable overreach of these sweeping provisions. These policies appear to be driven out of the fear of the inevitable spread of infection, without reconciling the current data which demonstrates harm confined to a very small segment of the population. Instead of a one size fits all policy that, it should be targeted to the vulnerable groups and those that interact with those groups ought to take responsibility for the prevention of infection spread into those groups. Given the amount of informed and frustrated individuals who agree with the above, and what the sheriff will not be enforcing this weekend, what is the position of Hermosa Beach to enforce, or to selectively enforce the items on the agenda?
