Item: a) REPORT 20-0484 ADOPTION OF AN URGENCY ORDINANCE OF THE CITY OF HERMOSA BEACH, CALIFORNIA, THAT REQUIRES MEMBERS OF THE PUBLIC TO WEAR FACE COVERINGS; AND TO CONFIRM CITY MANAGER/DIRECTOR OF EMERGENCY SERVICES EXECUTIVE ORDER NO. 2020-09 REGARDING SUSPENDING LOCAL ZONING REGULATIONS TO PERMIT SPECIFIED BUSINESSES TO OPERATE OUTDOORS AND TO PERMIT CERTAIN HOME OCCUPATIONS TO OPERATE WITHOUT A COMMERCIAL BUSINESS LOCATION DURING THE COVID-19 CRISIS (City Attorney Michael Jenkins)

eComment: This is a terrible idea and would only create more division within the community and loss of trust in this council. Lets focus on the more important issues that face our community - the transformation of our Beach town into Venice south. The increase in homeless and influx of transients sleeping on and in private property. The "sharrows" which are undoubtedly becoming more and more dangerous for the vehicles and the children who cross our streets. It's time that we stay focused on the real issues and stop creating new ones that do not need our attention. Masks are a heated topic and frankly the lawsuits are piling up in cities that attempt this - MB for example has seen its community split and the response has been luke warm at best (a bike ride through the city shows that this attempt was not taken seriously by the community). Lets

concentrate on the real problems and put forth real solutions to the long term issues. This temporary inconvenience will be gone soon enough yet the real issues need to be fixed. How are we addressing the Homeless? How are we address these dangerous bikers? How are we reopening the playgrounds for the kids, why are ours closed yet other cities are open? What is the plan for those action items?
