Support

Having been a child in the 1940s and in grammar school in the early 1950s when Polio was such a tragic disease with no remedy, and seeing all the political nonsense and ignorance 70 years later is very sad. The equivalent of five jumbo jetliners each carrying 300 passengers crashing each day, day after day after day, with 1500 dead as a result, day after day after day would certainly make headlines. The equivalent is happening with **un-vaccinated** people **just in the**

USA dying unnecessarily **as** being justified because, oh your freedom is going to be affected. Big government is coming. Total nonsense. 100% support for the benefit of those clearly too mixed up with all the nonsense to get vaccinated. Get City Hall back open and back to normal.
